WELCOME NEW MEMBER

Paul Patrick Electric <http://paulpatrickelectric.com/>

Not only is Paul Patrick the newest SAFER member, but they should be lauded for their excellent community support of a current SAFER initiative. Paul Patrick has contributed the final \$600 needed for the Safe Communities America designation letter of intent. The Sherriff contributed the first \$600. Now we can finalize and submit our letter of intent and then send in our application. We will need more community support when we are approved as we need to pay for 2 evaluators to come to Santa Rosa for an evaluation and public presentation, but I am hoping the tourist industry can help with travel, room and board for those expenses. Again, a big thanks and welcome to Paul Patrick Electric for their contribution and participation with SAFER Santa Rosa.

EXCELLENT NEWS FROM SANTA ROSA BRIDGES OUT OF POVERTY

Just a quick reminder about our upcoming Bridges Steering Committee Meeting on Wednesday, July 10th from 1:30-3:30 p.m. at the Russell Center located at Locklin Technical Center, 5330 Berryhill Road, Milton, FL 32570. I have attached the flyer and campus map for your convenience. If you are interested in being put on the agenda, please let me know! If you haven't turned in your Community Assessment from our last meeting, please get this to me as soon as possible!

A quick update on regarding our FIRST Getting Ahead Class!!! Currently we have twelve people enrolled for this class which is beginning July 18th. If you know of anyone interested, we still have some space. I am also creating a waiting list for the next class. I am attaching both flyers for your convenience.

Meals! The following dates, June 20th, July 11th, July 18th, 23rd, and 25th, and August 1st, 6th and 8th, are open. A big thank you to Bagdad United Methodist Church for not only providing the space, but also the meal for the first class!!! Sodexo, Peggy Armstrong, Living Truth Church, Community of Christ Church, and Raymond Sullivan have also signed up for meals! If you or your organization are interested in providing a meal for this class one (or more) of the open dates, please contact me and I'll add you to the list!

Child care!! We need volunteers for child care!!! Please contact me if you are interested. At this time there are five children who will be attending. It is very important this is covered. Please let me know if you are interested. At this time the only volunteers I have are myself and Brenda

Dwiggins (thank you Brenda J), however we are not available for every session. If you are willing and able to volunteer for one session or multiple sessions, please contact me. Sessions are from 6:00-8:30 p.m. on Tuesdays and Thursdays! Please help us remove this barrier for these investigators!

Mentors!! Dr. Barber is seeking mentors or "allies" for our Getting Ahead Investigators. If you are interested, please let us know!

Thank all of you for being a part of this very important community program!! It is so exciting to see what has happened this past year! You all rock!!

BLOOD MOBILE

The NWFL Blood Mobile will be in front of the Administrative Building 6495 Caroline St., on July 9 from 9-3. NWFL Blood Bank services our local area hospitals and ancillary facilities. If you are interested and are able to donate please email me back or call me at 983-1947 and I will be happy to schedule you an appt. Please read the flier attached.

In addition to getting a shirt for your donation, Outback Restaurant is giving out \$5 off coupons. If you are able to donate again before Sept. 30 2013 (I have another Blood Drive scheduled Sept. 10, 2013, same place) you will get your name entered in a drawing for a free steak meal once a month. There are restrictions on the type of steak so please read the small print on the flier. It would be awesome if one of you could win this!

The main purpose though is to help out our local area! Some of us are too busy with work and family and can't donate time or money to help others. This procedure doesn't take long and you can be back at work before you know it. Thanks again for your support and most of all your blood!

SHELTER VOLUNTEERS NEEDED!

We are always looking for volunteers to help in our shelters--especially with Hurricane Season upon us! This six hour class will prepare you to take on this vital Red Cross role.

This class is open to both current volunteers and those looking to volunteer!

When: Saturday June 22nd
Time: 8:30am
Location: Pensacola Office 222 N. Baylen Street, Pensacola, FL 32502

To register please contact John Murray at john.murray@redcross.org.

BULK DISTRIBUTION

During a disaster Bulk Distribution, volunteers are on the front line getting supplies from our warehouse into the hands of people who need it. They also setup distribution centers across the affected areas and drive through neighborhoods delivering water, cleaning supplies, gloves, diapers, flashlights, and any other necessities. This course will cover the procedures, paperwork, and organization of the bulk distribution activity. Having trained volunteers will allow us to get supplies out to the community as quickly as possible.

When: Thursday June 27th
Time: 6:00pm (2 to 3 hours)
Location: Pensacola Office 222 N. Baylen Street, Pensacola, FL 32502

To register, please contact John Murray at: john.murray@redcross.org.

SANTA ROSA COUNTY TOBACCO-FREE COALITION HOLDS MEETING

The Santa Rosa County Tobacco-Free Coalition will hold its next meeting on Thursday, June 20th, at 4 p.m. at the Florida Department of Health in Santa Rosa County, 5527 Stewart Street in Milton. This meeting will discuss progress made in policy areas and the 2013-2014 work plan development and submission.

The Santa Rosa County Tobacco-Free Coalition began in September 2008 as a partnership of community members and agencies working together with a mission to reduce the prevalence of tobacco use and provide education on the dangers of tobacco abuse among children and adults in the county. Members include: Florida Department of Health in Santa Rosa County, Healthy Start of Santa Rosa County; Women, Infant and Children Program (WIC); Center for Total Women's Health; Community Drug and Alcohol Council; West Florida Area Health Education Center; Covenant Hospice; Safe Haven; Santa Rosa County School District; Santa Rosa County Sheriff's Office; Santa Rosa County School Health Program; Santa Rosa Pediatrics; University of West Florida; Students Working against Tobacco (SWAT) and AIDS Healthcare Foundation. Any interested citizens or community groups are encouraged to attend the meeting and join the coalition.

The money cigarette companies spent in 2006 on U.S. marketing amounted to approximately—

- \$34 million per day,
- \$42 for every person in the United States, and
- more than \$275 for each U.S. smoker aged 18 years or older.

For more information on the Santa Rosa County Tobacco Free Coalition, please contact Dennis Bratten at (850) 983-5200 ext. -142.

PROJECT LEARNING TREE WORKSHOP

Teachers, babysitters, day care providers, 4-H leaders, camp and scout leaders, volunteers, and parents who want to receive a free Project Learning Tree Activity book with over 150 activities can join the Santa Rosa County UF/IFAS Sea Grant agent and the Florida Forest Service in an interactive Project Learning Tree Workshop on Thursday, June 27 from 9 a.m. to 2:30 p.m. at the UF/IFAS Extension Office at 6263 Dogwood Drive in Milton.

Project Learning Tree is an award-winning, interdisciplinary, environmental education program is designed for formal and non-formal educators working with students in pre-kindergarten through grade twelve. PLT uses trees and forests as the context to help young people gain an awareness and knowledge of natural and built environments. PLT stimulates students' critical and creative thinking; develops students' ability to make informed decisions on environmental issues; and instills a commitment of responsible action on behalf of the environment.

PLT can be used in both rural and urban environments, whether there is a forest or a single tree, teaches students how to think, not what to think about our complex environment. PLT provides a balanced approach to environmental issues, and most of all is fun!!

During the workshop, participants will receive the Pre-K–8 PLT Activity Guide and experience first-hand the fun, hands-on, easy-to-use activities. Register today at 2013plt.eventbrite.com. Contact Chris Verlinde at (850) 623-3868 for more information.

"WHO YA' GONNA CALL? YOUR TOWN'S RADIO HAMS!" PUBLIC DEMO OF EMERGENCY COMMUNICATIONS JUNE 22-23

Despite the Internet, cell phones, email and modern communications, every year whole regions find themselves in the dark. Tornadoes, fires, storms, ice and even the occasional cutting of fiber optic cables leave people without the means to communicate. In these cases, the one consistent service that has never failed has been Amateur Radio. These radio operators, often called "hams" provide backup communications for everything from the American Red Cross to FEMA and even for the International Space Station. Your Town's "hams" will join with thousands of other Amateur Radio operators showing their emergency capabilities this weekend.

Over the past year, the news has been full of reports of ham radio operators providing critical communications during unexpected emergencies in towns across America including the California wildfires, winter storms, tornadoes and other events world-wide. When trouble is brewing, Amateur Radio's people are often the first to provide rescuers with critical information and communications. On the weekend of June 22-23, the public will have a chance to meet and talk with Navarre ham radio operators and see for themselves what the Amateur Radio Service is about as hams across the USA will be holding public demonstrations of emergency communications abilities.

This annual event, called "Field Day" is the climax of the week long "Amateur Radio Week" sponsored by the ARRL, the national association for Amateur Radio. Using only emergency power supplies, ham operators will construct emergency stations in parks, shopping malls, schools and backyards around the country. Their slogan, "When All Else Fails, Ham Radio Works" is more than just words to the hams as they prove they can send messages in many forms without the use of phone systems, internet or any other infrastructure that can be compromised in a crisis. More than 35,000 amateur radio operators across the country participated in last year's event.

The fastest way to turn a crisis into a total disaster is to lose communications," said Allen Pitts of the ARRL. "From the earthquake and tsunami in Japan to tornadoes in Missouri, ham radio provided the most reliable communication networks in the first critical hours of the events. Because ham radios are not dependent on the Internet, cell towers or other infrastructure, they work when nothing else is available. We need nothing between us but air."

In the Navarre area, the Navarre Community Emergency Response Team Armature Radio Club will be demonstrating Amateur Radio at Navarre Beach on June 22-23, 2013. They invite the public to come and see ham radio's new capabilities and learn how to get their own FCC radio license before the next disaster strikes.

Amateur Radio is growing in the US. There are now over 700,000 Amateur Radio licensees in the US, and more than 2.5 million around the world. Through the ARRL's Amateur Radio Emergency Services program, ham volunteers provide both emergency communications for thousands of state and local emergency response agencies and non-emergency community services too, all for free.

To learn more about Amateur Radio, go to www.emergency-radio.org. The public is most cordially invited to come, meet and talk with the hams. See what modern Amateur Radio can do. They can even help you get on the air!

BLUEBERRY BASH INFORMATION!

The Arc Santa Rosa, Inc. is a 501 (c) (3) nonprofit organization that serves individuals with intellectual and developmental disabilities. Many of the people that we serve also possess secondary disabilities such as hearing, visual and physical impairments, which reduce their chances to live an autonomous life in our community. Our essential services such as Supported Employment, Supported Living, Adult Day Training, and In-home Support, facilitate their ability to live as independently as they possibly can.

This year's event is **Saturday, June 22nd from 8:00 until 2:00** and will be held at The Arc facility at 6225 Dixie Road in Milton – which is approximately 4 miles South of NAS Whiting Field on Highway 87. We like to offer a variety of local Arts, Crafts, Food and other vendors to go along with the **Blueberries and Plant Sale** that day.

This year, we will kick the festivities off with an “old fashion” blueberry cook off! This event will start the evening before the Blueberry Bash Festivities begin. Celebrity judges will vote on the very best blueberry dish. Categories will include adult and youngsters' dishes.

The Blueberry Bash begins early Saturday morning @ 7:30 am with a 5 K run for adults and youngsters. Our 5K run is an enjoyable run through our lovely scenic neighborhood.

Music, food and craft activities start after the run is completed and runners awarded their prizes. Remember folks, this all goes for a great cause! We look forward to seeing all of you.

Ann Smith Executive Director The Arc Santa Rosa, Inc. Phone: 850-623-9320

Use of barricades policy: Free to parades and other events in Santa Rosa County that are sponsored by a chambers or government entities (Christmas parades, Mardi Gras, 4th of July etc...) or non profits, that are hosting events that are free and open to the public. The user is responsible for transportation of barricades, AND banners advertizing sponsors MUST be put on barricades. Others wanting to use the barricades must provide transportation and rent barricades at a cost of \$5 per barricade. Additional fees may be applicable if barricades are not returned within 7 days of pick up/delivery. Barricades will cost \$8 each if delivery is required. Average rental price for barricades is \$9-\$13 each through other vendors. SAFER barricades are a bargain.
