Children are encouraged to read for 15 minutes each day and they mark their calendar when they have read for at least 15 minutes. At the end of the seven week period they take their calendars to the library and receive prizes based on the number of days they read. Ms. Chatraw also contacts the schools where the participants attend and some schools, as added incentive, recognize the participants. A total of 910 children were registered and 257 children returned their marked calendars giving us a total of 9,885 days of reading for
