

You have the power to grant wishes.

Rayne W. and Girl Scout Troop 62 made magic happen when they donated much needed pet supplies from our wish list to our shelter. Generous donations help to keep shelter overhead costs down and assist Santa Rosa County Animal Services in continuously providing a comfortable life for the animals in our care.

**Looking for a service project? Just want to help?
Grab your favorite magic wand and make our wish list a reality!**

Student groups, organizations and individuals whose hearts hold a special place for shelter animals are encouraged to help by making a donation or hosting a supply drive. Birthday celebrations, office parties, and holidays events can be great fun when guests bring pet supply items from the "Wish List." Supply drive projects may also meet school and service organizations' volunteer requirements.

For her 10th birthday party, Rayne asked guests to bring pet supplies instead of presents for herself. With the help of her guests, she was able to donate a wide variety of items from the wish list including pet toys, food and treats. The Berryhill Elementary School student stated she just loves animals and wanted to help.

As part of a service project working towards the Girl Scout Bronze Award, members of Troop 62 donated over \$400 in pet supplies to Santa Rosa County Animal Services. The six troop members planned the fund-raiser, set up drop boxes at local churches and collected donations door to door.
