

Mission, Vision and Guiding Principles

Mission

Provide excellent leadership, focus and direction in assuring the highest quality of life for our citizens.

Vision

To always be worthy of the public's trust in our ability to sustain Santa Rosa County as a "First Choice" community and through their trust, share our vision to be a recognized leader in local government in Florida and in the nation.

Guiding Principles

- Elected officials, county employees and citizens are partners in progress and serve as trustees of our long standing values. We remain committed to providing a secure environment in which to live, work and raise a family.
- Business has a major role in providing positive growth and a balanced community
- We are committed to the future of our young citizens and the protection and preservation of the bountiful resources they will inherit.
- Employees, businesses and citizens find Santa Rosa County a place where imaginations can flourish, new things can be tried, risks can be taken, freedom of expression is encouraged, and human initiative and potential are unleashed.
