

6.05.27 – Military Installation District

A. Purpose: The purpose of this district is to identify those properties within Santa Rosa County that are owned by, or identified for the exclusive use of, the United States military.

B. Consistency with the Comprehensive Plan: Lands designated as, or rezoned to, the Military Installation District zoning category may be located only within the Military Installation Future Land Use Map category.

C. Permitted Uses and Development Standards: The County does not have development authority over military lands; therefore, permitted uses and development standards for property within this zoning district are not established in this code.

D. Airport Environs Compatibility: The County will ensure that development adjacent to properties within this zoning district is compatible with military operations through application of the overlay district regulations established in Article 11.
