### ***On-Premise Sign Public Workshop Scheduled***

The Santa Rosa County Development Services Department will hold a public workshop on Friday, February 26 at 8:30 a.m. to consider regulatory changes for on-premise signs. A review of the sign ordinance relative to on-premise free standing signs was recommended by the planning board in early 2009. Planning efforts have been underway since. The draft ordinance to be presented at the workshop includes proposed changes to permitted sign size and height along with changes to regulations for non-conforming signs.

The meeting will take place in the conference room located at the Santa Rosa County South End Service Center, 5819 Gulf Breeze Parkway, Gulf Breeze. The public is encouraged to attend this meeting to comment and make recommendations. Once the draft ordinance is complete, it will be presented to the board of county commissioners for consideration at a public hearing yet to be scheduled
