SUBJECT: Disruption in Cell Phone Service

DATE: November 4, 2015

The inspectors and compliance investigators recently received new cell phones. Over the last few days we have experienced issues with the activation of the new phones. Our IT department is working with our service provider to correct the issue. If you are unable to reach an inspector, please contact our main line at (850) 981-7000 and we will take a message for them. Sorry for any inconvenience this may cause.
