MANAGEMENT LETTER43

INDEPENDENT AUDITOR'S REPORT

Honorable Board of County Commissioners
Honorable Mary M. Johnson, Clerk and Accountant to the
Board of County Commissioners
Santa Rosa County, Florida

We have audited the accompanying special-purpose financial statements (hereinafter referred to as "financial statements") of each major fund and the aggregate remaining fund information of the Board of County Commissioners of Santa Rosa County, Florida (hereinafter referred to as "Board"), as of and for the year ended September 30, 2006, as listed in the table of contents. These financial statements are the responsibility of the Board's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall special purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note A to the financial statements, the special-purpose financial statements consists of only the *fund level* financial statements as defined in Government Accounting Standards Board Statement 34, and do not include presentations of *government-wide* financial statements of the Board, nor are they intended to be a complete presentation of the financial position and changes in financial position of Santa Rosa County, Florida, taken as a whole.

In our opinion, the financial statements referred to above, present fairly, in all material respects, each major fund and aggregate remaining fund information of the Board, as of September 30, 2006, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 26, 2007 on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The budgetary comparison information on pages 35 through 40 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

NOTE A - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies applied consistently in the preparation of the financial statements follows:

1. Reporting Entity

The Governmental Accounting Standards Board (GASB) in its Statement No. 14, "The Financial Reporting Entity", established standards for defining the financial reporting entity. In developing these standards, the GASB assumed that all governmental organizations are responsible to elected officials at the federal, state, or local level. Financial reporting by a state or local government should report the elected officials' accountability for those organizations. As concluded by the GASB, the financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The Board of County Commissioners of Santa Rosa County, Florida (the Board) is the principal legislative and governing body of the County, as provided by the Florida Constitution, Article 8, Section 1(e), and Chapter 125, Florida Statutes. The Board consists of five Commissioners elected by the voters of the County for terms of four years each.

The Board is considered part of Santa Rosa County, Florida's primary government for purposes of GASB No. 14. These special purpose financial statements of the Board are issued separately to comply with Section 10.557(3), Rules of the Auditor General for Local Governmental Entity Audits, pursuant to Section 11.45(8), Florida Statutes and do not include the Clerk of Courts, Sheriff, Tax Collector, Property Appraiser or Supervisor of Elections (collectively known as County officers), or other independent authorities and boards. The Board's financial statements do not purport to reflect the financial position or the results of operations of Santa Rosa County taken as a whole.

Dependent Special Districts

Blackwater Soil & Water Conservation District - The Blackwater Soil & Water Conservation District (Blackwater) was created by the Florida Legislature in 1942 pursuant to Florida Statute Section 582 in response to a petition to the State Soil Conservation Board. Santa Rosa County was established as the local governing authority and is Blackwater's only source of funding. Blackwater does not meet the criteria as a legally separate entity in that it cannot buy, sell, own, lease and mortgage property in its own name. The activities of Blackwater are included in these financial statements as a department of the Board of County Commissioners within the General Fund.

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Pace Property Finance Authority - The Pace Property Finance Authority (Authority) was created in 1990 by County Resolution No. 90-12 pursuant to Chapter 617 of the Florida Statutes. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, based on the criteria of GASB Statement No. 14 outlined above, the Authority is a component unit of the Board. However, the Authority meets the criteria for inclusion in more than one reporting entity - Pace Water System as well as the Board. GASB Statement No. 14 indicates that in these cases, judgment must be exercised by management of the reporting entities as to which reporting entity the organization should be included. The Authority has the same elected governing body as the Pace Water System. Additionally, both the Authority and Pace Water System own portions of a single water/sewer system; thus, their fixed assets are part of an interconnected system. Finally, the Authority's debt was issued solely to finance the Pace water/sewer system improvements. Based on these facts, management has decided to include the Authority in the combined financial statements of Pace Water System rather than as a component unit of the Board.

Santa Rosa County Health Facilities Authority - The Santa Rosa County Health Facilities Authority (Authority) was created in 1982 by County Ordinance No. 82-02 pursuant to Section 154, Florida Statutes. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, based on the criteria of GASB Statement No. 14 outlined above, the Authority is a component unit of Santa Rosa County. The Board of County Commissioners (Board) appoints the five (5) members of the Authority. Additionally, the Board may abolish the Authority at any time by ordinance or resolution as long as all bonded indebtedness incurred by the Authority has been paid. The Authority exists solely to assist health facilities within Santa Rosa County with the acquisition, construction, financing, and refinancing of projects. The Authority issued approximately \$15.8 million in bonds in 1983, lending the proceeds of the bonds to Gulf Breeze Hospital. These bonds were subsequently defeased in 1988 when the Authority issued approximately \$17.3 million in new bonds. The 1988 bonds were defeased in 1993 when the Authority issued approximately \$18.6 million in new bonds. The 1993 bonds were defeased in 2003 when the Authority issued approximately \$58 million in new bonds. The debt outstanding is a limited obligation of the Authority and not a general obligation of the Authority or the Board. The Authority is not obligated to pay the principal and interest on the bonds except from the revenues of the Authority pursuant to its loan agreement with Gulf Breeze Hospital. The Authority has no financial activity and the bonds issued under the Authority's name are recorded in the books of the hospital.

Santa Rosa County Housing Finance Authority - The Santa Rosa County Housing Finance Authority (Authority) was created in 1984 by County Resolution No. 84-18 pursuant to Chapter 78-89, Laws of Florida codified as Chapter 159, Part IV, Section 159.601 through 159.623. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, based on the criteria of GASB Statement No. 14 outlined above, the Authority is a component unit of the Board. The Santa Rosa County Board of County Commissioners, through various resolutions and interlocal agreements with the Escambia County Housing Finance Authority (ECHFA), has authorized ECHFA to allow qualified residents of Santa Rosa County to apply for and obtain preferential mortgages from proceeds generated by bonds issued by ECHFA. Accordingly, there is no financial activity related to the Santa Rosa County Housing Finance Authority to be reflected in these financial statements.

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

2. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The Board groups its funds into two broad fund categories as either governmental or proprietary in nature. Governmental funds include the general, special revenue, debt service and capital projects funds. Proprietary funds include enterprise funds and an internal service fund.

3. Basis of Accounting

FUND FINANCIAL STATEMENTS

The Fund financial statements, as presented herein, focus primarily on the major funds of the governmental and proprietary categories. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements.

GOVERNMENTAL FUNDS

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

The major governmental funds are:

- General Fund – This is the County’s primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
- Road and Bridge Fund – Accounts for that portion of state fuel taxes and fees designated for road improvement projects.
- Electricity Franchise Fee Fund – Accounts for the collection and distribution of Electricity Franchise Fees.
- HHR (Hurricane Housing Recovery) Program Fund – Accounts for grants received to repair and rebuild low to moderate income housing damaged by hurricanes.
- Disaster Fund – Accounts for revenues and expenditures related to significant events such as Hurricanes Ivan, Dennis and Katrina.
- MSBU (Municipal Service Benefit Unit) Fund – Accounts for special assessments levied against property owners for capital improvements or services rendered for the benefit of the affected areas.

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Revenue Recognition

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available (i.e., collectible within the current year or within one month of year-end and available to pay obligations of the current period – except for certain grant revenues which are recognized as revenues in the same period the grant expenditures occurred). This includes investment earnings, property taxes, special assessments, and fines and forfeitures. Certain state-levied locally shared taxes including motor vehicle license tax and fuel taxes are subject to income recognition when the underlying transaction occurs. Reimbursements due for federally funded projects are accrued as revenue at the time the expenditures are made, or when received in advance, deferred until expenditures are made.

Other revenues, including licenses and permits, certain charges for services and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

Expenditure Recognition

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on governmental long-term debt, which has not matured, are recognized when paid. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

PROPRIETARY FUNDS

All proprietary funds use the accrual basis of accounting and the economic resources measurement focus. These funds account for operations that are primarily financed by user charges. Revenues are recognized when earned and expenses are recognized when incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility service receivables are recorded at each year end.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all the Board's enterprise funds and internal service fund are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services,

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Net assets should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. In a fund with both restricted and unrestricted assets, qualified expenses are considered to be paid first from restricted net assets then from unrestricted net assets.

The major proprietary funds are:

- Navarre Beach Fund – Accounts for the operation and maintenance of the water and sewer system of Navarre Beach.
- Landfill Fund – Accounts for the operation of the solid waste disposal facilities of the county.
- Industrial Park Fund – Accounts for the assets and operations at the industrial park.

The Board's only internal service fund is the Self Insurance Fund. This fund accounts for the risk management activities of the Board and the other elected officials. Costs are billed to the departments and other elected officials at the actual and estimated costs of providing insurance coverage.

4. Budgets and Budgetary Accounting

Florida Statutes Chapters 129 and 200 govern the preparation, adoption, and administration of the Board's annual budget. The budget must be balanced, i.e., the estimated revenues plus beginning fund balance brought forward must equal appropriations and be prepared on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The Board may, at any time within a fiscal year, amend a budget for that year as follows:

Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes. The budget officer may authorize certain inter-departmental and intra-departmental budget amendments, provided that the total appropriation of the fund is not changed. All annual appropriations lapse at fiscal year end. The legal level of budgetary control is the fund level.

5. Cash and Cash Equivalents

For purposes of the statements of cash flows, all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

6. Investments

Investments in bank certificates of deposit, U.S. Treasury bills, government backed securities and the Florida Local Government Investment Trust Fund are recorded at fair value. Investments in the Local Government Surplus Funds Trust Fund are recorded at the Board's equity position in the fund's share price.

**Board of County Commissioners
Santa Rosa County, Florida**

7. Inventory

Inventory consists of gas, oil, automotive parts, road signs, culverts, and various other items used by the road department and insecticides used by mosquito control operations. Inventory is valued at cost (first in, first out). The cost is recorded as an expenditure at the time the inventory is purchased. Reported inventories are equally offset by a fund balance reserve which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

8. Accounting for Capital Assets

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Constructed or purchased capital assets are recorded at historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at estimated fair market value on the date donated. The minimum capitalization threshold is any individual item with a total cost greater than \$1,000 and a useful life of one year or more.

Capital assets in governmental funds, including infrastructure such as streets, drainage systems, culverts, traffic signals, and signs are recorded as expenditures in the governmental funds.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized.

Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Buildings	20 - 50 years
Water Distribution System	20 years
Improvements	10 - 20 years
Equipment	3 - 10 years
Infrastructure	40 years

The Board does not capitalize interest expense on borrowings used to finance construction of capital assets, as the capitalizable interest, after netting of interest earnings, is normally insignificant.

9. Compensated Absences

Employees may accumulate a limited amount of earned but unused sick leave, annual leave, and compensatory time, which will be paid upon separation from service. For the governmental fund statements, expenditures are not recognized until payments are made to employees.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2006

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Proprietary fund types accrue benefits in the period they are earned. The majority of the compensated absences liability has been paid out of the General (75%) and the Road and Bridge (25%) funds.

10. Property Taxes

Real and personal property valuations are determined each year as of January 1 by the Property Appraiser's office. Florida Statutes require that all property be assessed at 100 percent of just value.

All property taxes become due and payable on November 1, and are delinquent on April 1 of the following year. Discounts of 4, 3, 2 and 1 percent are allowed for early payment in November through February, respectively. The Tax Collector advertises as required by statute and sells tax certificates for unpaid taxes on real property. Certificates not sold are considered "County Held Certificates." Persons owning land upon which a tax certificate has been sold may redeem the land by paying the face amount of the tax certificate, plus interest and other costs.

Property taxes levied on property valuations as of January 1, 2006, and expected to be collected during the period November 2006 through March 2007 are as follows:

General Fund	\$ 47,766,860
Road and Bridge Fund	\$ 5,921,650
Fine and Forfeiture Fund	\$ 361,830

These taxes, although measurable, are not recognized as revenue at September 30, 2006, since they are not considered to be collectible within the current period or soon enough thereafter to be used to pay current period liabilities.

11. Landfill Closure Costs

Under the terms of current state and federal regulations, the Board is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to thirty years after closure. The Board recognizes these costs of closure and post-closure maintenance over the active life of each landfill area, based on landfill capacity used during the period.

12. Allowance for Uncollectible Amounts

Historically, differences between receivables and amounts collected have been insignificant. Accordingly, no provision has been made for uncollectible amounts.

NOTES TO FINANCIAL STATEMENTS

September 30, 2006

NOTE B - CASH AND INVESTMENTS

At September 30, 2006, the bank held deposits of \$21,649,640 (before outstanding checks and deposits in transit) consisting of amounts held in checking, savings, money market or time deposit accounts. All deposits with financial institutions were 100% insured by federal depository insurance or by collateral pursuant to the Public Depository Security Act of the State of Florida.

The Board's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Pursuant to Florida Statutes Section 218.415, the Board adopted an investment policy which outlines the Board's investment responsibilities, objectives, and policies. The Board's investment policy authorizes the Board to invest in the following:

- a. The Local Government Surplus Funds Trust Fund (SBA) (Maximum of 80%)*;
- b. Florida Local Government Investment Trust (FLGIT) (State Investment Trust) (Maximum of 40%)*;
- c. Qualified money market mutual funds (Maximum of 50%)*;
- d. U.S. Treasury bills, notes and bonds (100% allowed);
- e. Obligations guaranteed by the U.S. Government as to principal and interest such as obligations of the Government National Mortgage Association (GNMA) (Maximum of 5%)*;
- f. Non-callable Government Agency securities (Maximum Of 25%)*:
 - (i) Federal Farm Credit Bank (FFCB),
 - (ii) Federal Home Loan Mortgage Corporation (FHLMC),
 - (iii) Federal Home Loan Bank (FHLB),
 - (iv) Federal National Mortgage Association (FNMA).This classification of government agency securities does not include any mortgage debt of any government agency;
- g. Time deposits and savings accounts in banks or savings and loan associations doing business in Florida (Maximum of 50%)*;
- h. Repurchase agreements for investments authorized in categories d, e, or f above. (Maximum of 40%)*

*To limit the County's concentration of credit risk these are the maximum percentages of the County's total portfolio that can be in each type of investment.

Interest rate risk is limited by no security having a maturity exceeding 2 years. The weighted average to maturity for the portfolio shall be less than 365 days or 1 year. Investments placed with the FLGIT, which typically invests in instruments with maturities of less than 5 years, are exempt from this limitation.

NOTES TO FINANCIAL STATEMENTS

September 30, 2006

NOTE B - CASH AND INVESTMENTS - Continued

The Local Government Surplus Funds Trust Fund is similar to a mutual fund in that funds are available on a same day basis. The Local Government Surplus Funds Trust Fund is a “2a-7” like pool and is subject to regulatory oversight as specified in Chapter 19-7 of the Florida Administrative Code. As of September 30, 2006, the Local Government Surplus Funds Trust Fund had total investments of approximately \$21 billion. The Board allocates interest earned on investments held in the Local Government Surplus Funds Trust Fund based on individual funds’ principal balances. The Local Government Surplus Funds Trust Fund is not rated by a nationally recognized statistical rating agency as of the date of these financial statements.

The FLGIT is a local government investment pool created by the Florida Association of Court Clerks and Comptroller, and the Florida Association of Counties for the purpose of providing public entities with an investment program that focuses on longer term securities with the highest credit ratings. The effective maturity of the underlying investments is five years or less. At September 30, 2006, the FLGIT was invested in money markets, treasury notes, asset-backed securities, and Federal agency obligations. This investment type is subject to some market risk due to fluctuating prices and liquidity risk due to advance redemption notification requirements. However, it has a professional investment advisor and an investment advisory board, and provides diversity in the Fund’s portfolio. The FLGIT maintains a credit rating of AAA by Standard & Poor’s.

Unamortized bond discounts totaling \$8,269 and deferred losses on refunding of bonds totaling \$97,205 are netted against the liability in the proprietary funds. Deferred bond issue costs were \$43,745 at year end.

Special assessment notes are fully secured by annual assessments made against property owners of the specific area that benefited from the proceeds of the notes. The County has no legal obligation to levy ad valorem taxes or cover the notes in case of default by the property owners. The County does, however, maintain a moral commitment to cover the debt payments until such time as the property owners can make the payments.

2. Descriptions of Bonds and Notes

Bonds and notes payable at September 30, 2006 are comprised of the following:

NOTE H - LONG-TERM DEBT - Continued

4. Defeased Debt Outstanding

In prior years the Board defeased certain bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust accounts' assets and liabilities for the defeased bonds are not included in the Board's financial statements. At September 30, 2006, \$7.5 million of bonds are considered defeased.

NOTE I - CONDUIT DEBT OBLIGATIONS

From time to time Santa Rosa County has issued Industrial Development Revenue Bonds under the provisions of Chapter 159, Part II, Florida Statutes, to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Neither the Board, the State nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. Debt issues related to conduit financings outstanding at September 30, 2006 are as follows:

	<u>Date Issued</u>	<u>Final Maturity</u>	<u>Amount Issued</u>	<u>Outstanding 9/30/2006</u>
Baptist Hospital, 2003	8/21/2003	10/1/2021	\$57,905,000	\$57,905,000
Holley Navarre Water System, 2004	6/2/2004	5/1/2024	<u>4,145,000</u>	<u>3,835,000</u>
Total			<u>\$62,050,000</u>	<u>\$61,740,000</u>

NOTE J - LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

State and federal laws and regulations require the Board to place a final cover on its landfill sites when the landfill stops accepting waste and to perform certain maintenance and monitoring functions at sites for thirty years after closure. Although closure and postclosure care costs are paid only near or after the date that a landfill stops accepting waste, the Board reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$7.8 million reported as landfill closure and postclosure care liability (current and noncurrent) at September 30, 2006, represents the cumulative amount reported to date based on the following percentage usage of the estimated capacity of each of the Board's landfills:

Central Class I Landfill	56%
Central Class III Landfill	Closed 10/98
Holley Landfill	Closed 06/94
Northwest Landfill	Closed 02/91

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2006

NOTE J - LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS -- (Continued)

The estimated cost of postclosure care for the Central Class III, Holley and Northwest landfills have been recognized in prior years with any changes in estimates being recorded in the current year. The Board will recognize the remaining estimated cost of closure and postclosure care for the Central Class I landfill in the amount of \$3.3 million as its remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2006. The estimated remaining life of the Central Class I landfill is 14 years. Cost of closure and life estimates are based on the areas currently in use, and not on potential areas of expansion. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The Board is required by state and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care. At September 30, 2006, the Board held investments of \$1,480,763 to cover the escrow requirement of \$1,467,706. These investments are reported as restricted assets in the financial statements. These investments are reported as restricted assets in these financial statements. The Board expects that future inflation costs will be paid from interest earnings on these restricted investments and from charges to future landfill users or future tax revenue.

NOTE K - COMMITMENTS AND CONTINGENCIES

1. Retirement Plan

Participation - Employees of the Board participate in the Florida Retirement System, a cost-sharing multiple-employer retirement system, established by Chapter 121, Florida Statutes. Participation is compulsory for full-time and part-time employees working in regularly established positions. Elected officials may elect not to participate in the system. Eligible employees may elect to participate in the Deferred Retirement Option Program (DROP), deferring receipt of retirement benefits while continuing employment with a Florida Retirement System employer.

Contributions - Chapter 121 requires the employer to pay all contributions (employee noncontributory) based upon state-wide rates established by the State of Florida. During 2006, the Board contributed an average of 8.34% of each qualified regular employee's gross salary, 15.56% percent of the elected official's salary and 9.73% for each DROP participant. The contributions, funded on a pay-as-you-go basis, were equal to the actuarially determined contribution requirements for each year and totaled \$1,315,029, \$1,124,364 and \$1,081,929 for the years ended September 30, 2006, 2005, and 2004, respectively.

Benefit Provisions - The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The FRS provides for vesting of benefits after 6 years of creditable service. Normal retirement benefits are available to employees who are vested and have reached the age of 62, or to those employees who have at least 30 years of creditable service, regardless of age. Early retirement is available after the employee is vested with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of an individual's five highest years of earnings. For DROP participants, the deferred monthly benefit plus interest compounded monthly, accrues for the specified period of the DROP participation.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2006

NOTE K - COMMITMENTS AND CONTINGENCIES - Continued

Upon retirement, the participant receives the total accumulated DROP benefits and begins to receive current benefits at the previously determined rate.

Financial Report of the Plan - The Florida Retirement System issues a stand-alone financial report. A copy can be obtained by contacting the State of Florida, Division of Retirement, Tallahassee, Florida.

2. Litigation

The Board is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Board's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the Board.

3. Federal and State Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by grantors cannot be determined at this time although the Board expects such amounts, if any, to be immaterial.

NOTE M - RISK MANAGEMENT

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In 1986 the Board established a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program the Board is self-insured with respect to the following exposures:

- Workers Compensation
- Auto Physical Damage
- Auto Liability
- Construction and Road Equipment

The Board is covered by outside insurance for the following exposures:

- Portable Communication Equipment
- Boats
- Employee Fidelity
- General Liability, \$25,000 deductible
- Public Officials' Liability, \$25,000 deductible

Conventional insurance remains in effect for buildings, contents and Sheriff's general, automobile and professional liability. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Board of County Commissioners and other County elected officials participate in the program and make payments to the Self Insurance Fund based on historical estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. The claims liability of \$3,343,573 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Liabilities for incurred losses to be settled by fixed or reasonably determined payments over a long period of time are reported at their present value using an expected future investment yield assumption of 5.5 to 8 percent. These liabilities are reported at their present value of \$928,690 at September 30, 2006.

NOTES TO FINANCIAL STATEMENTS

September 30, 2006

NOTE M - RISK MANAGEMENT - Continued

Changes in the Fund's claims liability amount in fiscal years 2005 and 2006 were as follows:

	Beginning-of- Fiscal-Year <u>Liability</u>	Current-Year Claims and Changes in <u>Estimates</u>	Claim <u>Payments</u>	Balance at Fiscal <u>Year-End</u>
2004 - 2005	\$ 3,014,289	\$ 8,858,716	\$ 9,026,975	\$ 2,846,030
2005 - 2006	\$ 2,846,030	\$ 3,482,538	\$ 2,984,995	\$ 3,343,573

The following table presents a summary of the claims payable liability at year end:

Current claims payable	\$ 2,414,883
Current claims – structured settlements	<u>21,983</u>
Total claims payable, current	2,436,866
Long-term claims – structured settlements	<u>906,707</u>
Total claims payable	<u>\$ 3,343,573</u>

The Board is a member of the Florida Association of Counties Trust, a pooled liability program providing general liability coverage and public officials' liability coverage, excluding the Sheriff. The Board pays an annual premium as a participant of the pooled liability program. During 1994, the first year of participation, the Board paid an extraordinary loss fund payment of \$249,886. The liability coverage is not designed to be assessable; however, should the pool fail to meet its obligations, the Board may be required to contribute additional funds or cover its own obligations. No accrual for future assessments has been recorded in the balance sheet as such assessments do not appear probable based on past experience of the pool, and experience of the pool subsequent to the Board's fiscal year end through the date of these financial statements. In the event the Board elected to terminate its participation in the pool, the extraordinary loss fund payment would be refunded to the Board, given adequate funding of the pool.

NOTE N - COMPLIANCE AND ACCOUNTABILITY

Accumulated Deficits

The Disaster Fund has a deficit in fund balance due to the costs associated with Hurricanes Ivan, Dennis and Katrina. Revenues from Federal and State sources covered 87.5% to 95% of allowable costs. Disallowed costs and the County's local match portion have not been fully funded from local sources as yet.

The Self Insurance fund has a deficit in net assets due to the costs associated with Hurricanes Ivan, Dennis and Katrina combined with a general liability deductible of \$100,000. The County has reduced their deductible to \$25,000 in order to reduce future claims expense.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Board of County Commissioners
Honorable Mary M. Johnson, Clerk and Accountant to the
Board of County Commissioners
Santa Rosa County, Florida

We have audited the special-purpose financial statements (hereinafter referred to as "financial statements") of each major fund and the aggregate remaining fund information of the Board of County Commissioners of Santa Rosa County, Florida, (hereinafter referred to as "Board"), as of and for the year ended September 30, 2006, which collectively comprise the Board's financial statements and have issued our report thereon dated January 26, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

As required by the provisions of Chapter 10.550, Rules of the Auditor General, we have issued a separate management letter dated January 26, 2007, which should be considered in assessing the results of our audit.

This report is intended solely for the information and use of the Board, management and appropriate governmental agencies and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT LETTER

Honorable Board of County Commissioners
Honorable Mary M. Johnson, Clerk and Accountant to the
Board of County Commissioners
Santa Rosa County, Florida

We have audited the special-purpose financial statements (hereinafter referred to as “financial statements”) of each major fund and the aggregate remaining fund information of the Santa Rosa County, Florida, Board of County Commissioners, (hereinafter referred to as “Board”), as of and for the fiscal year ended September 30, 2006, and have issued our report thereon dated January 26, 2007.

We have issued our Independent Auditor’s Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated January 26, 2007. Disclosures in that report, if any, should be considered in conjunction with this management letter.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local government entity audits performed in the State of Florida and require that certain items be addressed in this letter.

The Rules of the Auditor General (Section 10.554 (1) (h) 1.) require that we comment as to whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit report. There were no such matters disclosed in the preceding annual financial audit.

As required by the Rules of the Auditor General (Section 10.554 (1) (h) 2.), we determined that the Board is in compliance with Section 218.415, Florida Statutes, regarding the investment of public funds.

The Rules of the Auditor General (Section 10.554 (1) (h) 3.) require that we comment as to whether or not there were any recommendations made to improve the Board’s financial management, accounting procedures, and internal controls. In connection with our audit, we did not have any such recommendations.

The Rules of Auditor General (Sections 10.554 (1) (h) 4.) require disclosure in the management letter of matters that are not clearly inconsequential, considering both quantitative and qualitative factors, including the following: violations of laws, rules, regulations, and contractual provisions or abuse that have occurred, or were likely to have occurred, and were discovered within the scope of the audit; improper or illegal expenditures discovered within the scope of the audit that my not materially affect the financial statements; and deficiencies in internal control that are not reportable conditions, including, but not limited to: improper or inadequate accounting procedures (e.g. the omission of required disclosures from the financial statements), failures to properly record financial transactions, and other inaccuracies, shortages, defalcations, and instances of fraud discovered by, or that came to the attention of, the auditor. Our audit disclosed no matters required to be disclosed by Rules of the Auditor General (Sections 10.554 (1) (h) 4).

This management letter is intended for the information of the Board and management, and appropriate governmental agencies and is not intended to be and should not be used by anyone other than these specified parties.
