MUDDER from page A1

this clear. They exist and operate primarily in the "spiritual" (God's dimension) realm but can operate in our realm as well. The Bible declares that there are multitudes, perhaps millions or billions of angelic beings. Only three angels are known by an actual name in the Bible; Michael, Gabriel and Lucifer or Satan.

Yes, Satan is an angelic creation. Ezekiel declares that he was a "cherub", to be exact. Satan "fell", because of his sin of pride and arrogance and took a large number of the angelic beings with him in his rebellion. We now know this as the demonic world or realm.

It is also interesting to note that the Bible ALWAYS presents angels in the masculine form. Isn't it interesting that almost EVERY time that the "world" presents an angel, they are presented in the female form or as a fat little baby! (From Greek mythology).

The Bible says in the book of Hebrews that the angels are sent as ministering spirits to God's children. They are also, fellow servants of the Most High God, along with human children of God. The Bible makes clear that angels are NOT to be prayed to or depended upon for strength and encouragement. They are not to be "called up" or "summoned". They certainly are not to be worshipped in ANY fashion whatsoever. They are not to be given any glory other than what the Word clearly gives them as a part of God's creation.

I pray that you will serve Jesus with all your being and thank Him for ALL of His wonderful creation, of which the angels are just a small but special part.

National Diabetes Prevention Program

Special to the Press Gazette

Florida Department of Health in Santa Rosa County is announcing the upcoming Center for Disease Control National Diabetes Prevention Program to be held at the health department in Milton, 5527 Stewart St.

The first class will be from 5:30-6:30 p.m. April 14.

One out of three American adults has pre-diabetes, and most of them do not know it.

Having pre-diabetes means your blood glucose (sugar) level is higher than normal but not high enough to be diagnosed as diabetes. This raises your risk of type-2 diabetes, heart disease and stroke.

Without weight loss or moderate physical activity, many people with pre-diabetes will develop type-2 diabetes within three years. Type-2 diabetes is a serious condition leading to health issues such as heart attack; stroke; blindness; kidney failure; or loss of extremities, such as toes, feet or legs.

The lifestyle changes you make will help you prevent or delay type-2 diabetes. For a fee of $10, participants will receive:

- A CDC-approved curriculum
- Labs
- The skills you need to lose weight, be more physically active, and manage stress
- A trained lifestyle coach to guide and encourage you
- Support from other participants with the same goals as you
- 16 weekly sessions
- Six monthly follow-up sessions to help you maintain healthy lifestyle changes and fun.

To register, call Susan Howell at 983-5200 ext. 154.

Blackwater Republican Women meet

Special to the Press Gazette

Have you heard there are a lot of things we can do as women to get the conservative candidates elected? We can make things happen. Deda Davis has once again scheduled a candidate for the Commissioner 4 race.

Have you heard what the candidate's platform is? What do they intend to do for Santa Rosa County? Come and bring a friend to the meeting at 11:30 a.m. on Thursday at La Hacienda Mexican Restaurant in Milton and enjoy James Broxson, candidate for commissioner District 4. We have been introduced to many of the candidates running, and this is your opportunity to hear James. He could be your choice.

We also have some information from Gayle Jacobsen, president of the Florida Women's Political Network. Hope to see you on Thursday.

I found your answer to be very biblical and enlightening. Along those same lines, what do you believe about Jesus, fulfillment of the various Feasts of Old Testament Israel?
- J.T. Milton

Dear J.T.,
There are seven major Feasts that God's People were commanded to celebrate. They can all be found in the Book of Leviticus, Chapter 23.

I believe, as Jesus himself declared, that He is the fulfillment of ALL the Old Testament Scripture, prophecies and Feasts. Since this is so, yes, I believe that there are foreshadowings of the life, ministry, death, burial and resurrection in all the feasts. You can my presentation of this at www.hickoryhammockbaptist.org/sevenfeasts.pps.

However, since you referred specifically to the article concerning the crucifixion day of Jesus, let me elaborate on the three Feasts that Jesus directly fulfilled within the 3 to 4 days that involved his crucifixion and resurrection.

First, Jesus fulfilled the feast of the Passover by becoming our, Passover Lamb, By his blood, the wrath of God passes over us and we are saved by God's grace. By that evening when the Jews sat down to their Passover meal, little did they know that they had already chosen and slain their lamb.

Secondly, Jesus fulfilled the feast of Unleavened Bread, which is concurrent with the Passover celebration. Leaven is a picture of sin. Jesus was ,unleavened, or without sin. He was born in Bethlehem, which in Hebrew means, house of bread, He also declared that He alone was the bread of life.

Thirdly, Jesus perfectly fulfilled the Feast of First Fruits. This feast always occurs on the first Sunday after Passover. This was the celebration of the barley harvest, the provision of God and the new life of spring crops. On this day, Jesus rose from the dead as a first fruit, to give us new life!

J.T., each of the other feasts of Israel have similar striking fulfillment in Jesus Christ. You can see why I would urge all who are reading this to trust in Him. He is in control of ALL history!

Ask the Preacher

...a weekly column answering your questions with Biblical answers about life.

Dear Pastor Gallups, "Could you tell me simply how to be saved - become a Christian?" R. E. - Pace

Dear R. E.,

The Bible tells of a loving, creator God who has made us in his image. He has created each of us with value and a direction for our life.

We are not robots, puppets or computer programs. We are not a cosmic accident left to the whims of abiogenic improbabilities. We were made in the image of God himself.

The Bible tells us God has given us the ability to choose him-or reject him.

The Bible further reveals - what each of us really knows in our heart as we look at the world around us - we have a "heart" problem. Each of us, left to our own accord, would reject God and live totally for ourselves.

The Bible calls this "sin" - The Bible says that nothing sinful will ever be "right" with God or will ever "live" in his presence. So...in this sense - we are hopeless - doomed - lost.

But the love story of the Bible is that like a husband who still deeply loves his adulterous and wayward wife and seeks her restoration...God seeks us, loves and cherishes us.

So...he purposed a plan - a "way" we could be restored to him - and at the same time have due justice done in the matter of our rebellion.

The Bible tells us that God paid the price himself. Like a judge who declares us guilty of murder in our trial - but then comes down from the bench - takes off his robe and declares - YOU are guilty - you are deserving of death - but I WILL NOW PAY YOUR PENALTY FOR YOU. As

tion plan. Jesus Himself said on several occasions that He was the complete fulfillment of the Old Testament.

The words Old and New as they apply to the "Testaments" of the Bible have confused some folks. They do NOT mean that God had two different plans of salvation, one old and the other "new". Rather, both Testaments apply to the same unfolding salvation plan of the Lord who is the same yesterday, today and forever.

The words, OLD and NEW more accurately can be presented as "chapters" or "stages" of a relationship or a covenant agreement. Under the Old Testament, in order to be saved, one had to believe in the Lord God. They had to believe Him enough that they would desire to make Him LORD of their life. That Lordship involved the keeping of His commands. One was not saved by the law; rather one kept the law BECAUSE he was saved. God revealed Himself through His prophets, His Word and through His miraculous interventions in life. A person who responded in this way of faith was "saved" by God's grace. Under the New Testament, the very same requirements of belief are present. Only now, we know the Person of God and the Name of God in Jesus! We also have observed, first hand, His grace and sacrifice for our sin in the atoning death of Jesus on the cross and His shed blood.

I hope this has helped you, H.H. and please remember, " Salvation is found in no one else, for there is no other name, under heaven, given to men by which we must be saved." Acts 4:12

Local Mitigation Strategy Special Meeting

The Local Mitigation Strategy Task Force will hold a special called meeting on Thursday, Nov. 29 at 1:30 p.m. in the Public Services Media Room located at 6051 Old Bagdad Hwy in Milton. The purpose of the meeting is to discuss submitting a Hazard Mitigation Grant Program application for the proposed Settler's Colony/Villa Venyce Drainage Improvement Project utilizing HMGP funding allocated to Santa Rosa County as a result of Tropical Storm Debby.

The purpose of the Santa Rosa County Local Mitigation Strategy Task Force is to decrease the vulnerability of the citizens, governments, businesses and institutions of Santa Rosa County to the future human, economic and environmental costs of natural, technological, and societal disasters. To this end, the Task Force develops, monitors, implements, and maintains a comprehensive plan for hazard mitigation. Participation on the Task Force is open to all jurisdictions, organizations and individuals supporting its purposes. For more information regarding the annual update or the activities of the LMS, please contact Sheila Harris, special projects and grants coordinator at (850)983-1848 or sheilah@santarosa.fl.gov.

Subdivision at wits end with construction

By MATHEW PELLEGRINO
393-3669 | @SRPG_Mat
mpellegrino@srpressgazette.com

Neighbors in a Santa Rosa County subdivision are fed up with the Avalon Boulevard construction.

David Johnson and several other neighbors in the Timber Ridge subdivision off of Avalon Boulevard in Milton said construction crews have ruined their entrance to their subdivision. Johnson claims they have also caused headaches for drivers on Avalon after heavy downpours.

That's because Johnson said when crews went to install a new entranceway into their subdivision during construction, they lowered Avalon, but left their entranceway at a higher elevation. The mishap has caused dirt and clay to run onto Avalon Boulevard after heavy downpours because of the elevation difference.

Johnson said he got in contact with the engineer about the problem, and the engineer told him and the subdivision that they would have to utilize their own money to move the sign. Johnson said that would be impossible though.

"It's made of brick, you can't just move a brick sign," Johnson said. "They just need to come in and level the road."

Work crews are just a few weeks away from opening the southbound lanes of Avalon, which is where the subdivision entrance is located.

And so far, Johnson said the crews have not budged on leveling the road with the subdivisions entryway despite numerous calls and even meetings with county commissioners.

"We know there's a problem, and it's not just our problem. It's a problem for all the people on Avalon," Johnson said. "Once they open the southbound lanes, people are going to see that they didn't do their job."

Johnson said approximately 88 people live in the subdivision, and most of them are fed up with the entryway. Johnson said no one keeps up with the landscaping near the subdivision sign anymore because construction crews tore the land up.

Larry Johnson, another subdivision homeowner, who's of no relation to David Johnson said he has gone to commissioners and the superintendent of highways without any luck.

"They told me we had to take ownership of the piece of property before we could do anything with it," Larry said. "That is the stupidest thing I've ever heard.

"The piece of property is the size of a couch."

Larry said the piece of land is about 5 by 10 feet.

"I don't even know who it's owned by," Larry said. "Half of it is owned by the water company. I just can't believe the construction company can destroy it and then not to anything about it to fix it."

Sandra Ousley, said the poor job done by construction crews have left more than just a few people grumbling about it in her neighborhood.

"We have been putting our own money and effort into that entranceway, and now its ruined," Ousley said.

Ousley has lived in the subdivision for more than 12 years and said the residents have always been able to landscape and keep up the front of their subdivision.

"They trashed what our community did on the entrance part," Ousley said. "We landscaped the entrance, paid for the mulch... and they just came and tore it up.

"They just came and said 'here you go'. I don't really know what you can do for it now."

"earth" is ceremonially cast on top of the coffin. It reads as follows,

"In sure and certain hope of the resurrection to eternal life through our Lord Jesus Christ, we commend to Almighty God our brother and we commit his body to the ground; earth to earth; ashes to ashes, dust to dust. The Lord bless him and keep him, the Lord make his face to shine upon him and be gracious unto him and give him peace. Amen."

The funeral service has become part of the literary resources of the English language and many Christian funeral services.

This understanding of 'ashes to ashes, dust to dust' is also found in Psalm 90 -

Psalm 90:2-3
2 Before the mountains were born or you brought forth the earth and the world, from everlasting to everlasting you are God.
3 **You turn men back to dust, saying, "Return to dust, O sons of men."**
(NIV)

T. R., even though we all turn "back to dust," as far as our bodies are concerned, we all can also live forever in the presence of the Lord Jesus in Paradise. This is the promise of the Gospel. If you have not already done so, I pray that you will call upon the Lord Jesus to save you.

Santa Rosa Industrial Tour makes its way to four facilities

By Mathew Pellegrino
mpellegrino@srpressgazette.com

About 50 people came out to the second annual Santa Rosa Industrial Tour, which took visitors around portions of the Santa Rosa Industrial Park for personal guided tours of four facilities on Friday.

The stops included the Bay Area Food Bank, Ropella and Associates and West Coast Metal Roofing and Construction.

Many of the industries catered to the local community, as well as on an international level. Airlift Technologies International Inc. provides services to the military around the world.

Many of the industry representatives chose the location of the East Milton Industrial Park because of its close vicinity to the highway and the railway access.

The tour started at Ropella and Associates and made its way to the last stop, Airlift Technologies, also referred to as Zodiac Aerospace.
